

Hamish Johnston

I'm a multi-disciplinary creative with a wide skillset and a passion for making change. Studying BA Design at Goldsmiths University shaped and developed my practice, centralising it around design thinking, creative problem solving & a human centred approach. I typically use research to influence my work and embody this through both physical and digital prototyping to bring my ideas to life. My varied experience over the years has developed my networking abilities, presentation and public speaking skills, and furthered my ability to organise teams within pressured situations.

Experience

Peckham Levels (Current)

Manager | 09.2019 - Present

Ensuring smooth operational running of the creative venue in South London on a day to day basis. The role requires daily problem solving and strong leadership skills. During my time with the company I have worked on a variety of placemaking and wayfinding strategies to increase footfall as well as looking into how we can engage and intergrate the members within the community of Peckham.

Fresh Eyes

Co-founder | 03.2019

Fresh Eyes is a design collective & creative agency established with two peers whilst at university. Together we worked on a range of creative concepts and client based work.

To The Power of Us -

Workshop Lead | 06.2019

Here I ran an ideation workshop with a group of people revolving around how to engage the 'To The Power Of Us' - a platform for social change with the target audience of university students.

Future Strategy Club

Ideation & Strategy | 09.2018 - 01.2019

Working in innovation and ideation around decentralising a local waste system in Peckham.

CMC Space X Goodsted

Project Coordinator | 03.2018 - 06.2018

Working with social impact platform Goodsted & a group of students in SE London, I helped design, coordinate and run a series of 2 week workshops involving industry professionals and students to work collaboratively to upcycle waste materials creating a product for the community of Peckham Levels.

Something & Son

Design Intern | 07.2018 - 09.2019

During my three months working here, I worked across three projects including an exhibition on the front lawns of the Tate Britain & the design and build of a new afro-centric hair & beauty salon in Peckham.

Peckham Levels -

Duty Supervisor | 01.2018-10.2018

Working here part time alongside my degree, I was responsible for ensuring smooth operational runnings of the site for both the members and public in the evenings and weekends.

Nike: London on Air

Workshop Trainee | 03.2017

Designing an interactive GIF for Instagram with Nike in a one off workshop to celebrate the release of the VaporMax for Air Max Day.
